Team collaboration, Problem solving, Time
management, Communication

Scan My Portfolio

Hello, ✦ I'm Ananya!

"B.Tech Computer Science candidate at XYZ Institute of Technology focused on building scalable, production-grade software. Skilled in Python, JavaScript, SQL, FastAPI and React, with hands-on experience applying these tools to real-world SDE work. Demonstrated impact across 1 project and 1 internship, consistently combining rigor with clear communication."

Projects

Skillify — github.com/ananyaacodes/skillify

Insta-style social app with a Python recommendation backend.

Python

FastAPI

PostgreSQL

Experience

Software Engineering Intern — Acme Corp

May 2026 – Jul 2026

- ✦ Built a REST API used by 3 internal teams
- ✦ Reduced query latency by 40% through indexing
